Typically, if you fly to Anchorage you can go to Social Security the next day before taking the 3pm Motorcoach to Denali. You should plan to apply online first before going to the office so it takes less time. This can only be done within 45 days of arriving. Second Job Availability: Yes, likely

Applicable Company Policies:

Living and working together is a unique experience for anyone and we encourage applicants to think hard about what this will be like - especially when home is so far away! You will have a roommate and will need to be able to learn to balance living and working in the same area as your coworkers.

Dorms hold from 2-4 people in each room. We do a roommate questionnaire where you can request a specific person or answer questions to pair you up with someone who has similar living habits. Our dorms are strictly non-smoking including vaping. We have designated smoking areas. We do have some couples housing and generally room same sex together unless you request otherwise. Quiet hours in housing are strictly enforced and are from 10pm to 7am. It's important to remember this because with the midnight sun, we easily lose track of time!

Many international students are interested in getting a second job. Second Jobs are possible in the area but there are not a lot of options. Within walking distance there are about 3 other companies that do hire seasonal employees, but they are small. There are bigger companies in the area, but you would need reliable transportation to ensure you could be at those other properties. Please keep in mind that prioritizing your primary job with us and our business needs come first. Overtime is possible but not guaranteed. Typically, employees are expected to work 8-hour shifts, 5 days a week. We do our best to accommodate schedule requests, but the needs of the operation come first.

The Denali Park Village is a large property and the work we do is physically demanding. No matter where you work, we come together as a team and work hard to create an amazing experience for our guests. Hard work for us means using our time wisely. We expect our staff to not be on their phones during working hours. We expect employees to stay on task and ask for their next assignment if one is not already given to them. We view hard work as rewarding and we're looking for employees who see it that way too and can maintain a positive attitude. As a team, we can do anything!
